The Fugato range of fixed downlights for general lighting consists of Fugato Compact (cut-out 175 mm), Fugato Performance (cut-out 225 mm), Fugato Power (cut-out 275 mm) and Fugato Full Metal (both 175 and 225 mm), which have all been designed for optimum performance – both optical and thermal – with compact fluorescent lamps. Optical variation is provided by Fugato's 'dual optic' concept. The top optic is made of high-gloss aluminum. The lower polymer optic can be ordered in a high-gloss, matt-satin or white finish. The high-gloss (C) version complies with the UGR_r19 norm (in accordance with EN12464-1, L_m $<$ 1000 cd/m^2 at γ $>$ 65º) when used with the innovative round louver. A wide range of accessories is available for the CFL versions of both Fugato and Fugato Full Metal.
