## BPS965 GRN49/840 NOIR CLO-DDF6 114P C4K

Parkview LED, LED GreenLine 4500 lm, Constant light output and DynaDimmer fixed presets version 6, Post-top for diameter 114 mm

For urban settings, customers want a luminaire that combines unobtrusive elegance with operational efficiency. ParkView LED's unique construction of clear polycarbonate and white lamellas gives the luminaire a sense of lightness and minimalism. Its cone-shaped bowl marked in quarters, cone-shaped louver and base ensure a smooth transition to the pole. ParkView LED provides a symmetrical light distribution, and the vertical lamellas which direct the light towards the ground also cut spill light and minimize glare as they shield the light source. Design: Tegnestuen Bjarne Frost, Denmark
