

# ArenaVision LED gen2

## ZVP420 PAD A0

Precision aiming device

The Philips ArenaVision LED gen2 floodlighting system is an innovative LED pitch-lighting solution that supports the latest TV broadcasting standards and features a control platform. Designed exclusively for sports and multifunctional lighting applications, ArenaVision LED gen2 luminaires offer outstanding light quality, effective thermal management and long lifetime. The floodlight range includes versions with three and two LED light modules, which function with an external driver box – separate for use at a distance from the floodlight (BV version), or pre-fixed onto the mounting bracket of the floodlight (HGB version) for ease of installation and lower initial cost.

### Product data

General Information		Product Data	
Filters and lenses	No [-]	Full product code	871869606735200
Glare shielding accessories	No [-]	Order product name	ZVP420 PAD A0
Aiming attachments	PAD [ Precision aiming device]	EAN/UPC – product	8718696067352
Angle	0°	Order code	910503910039
<b>Operating and Electrical</b>		Numerator – quantity per pack	1
Electrical accessories	No [-]	Numerator – packs per outer box	1
<b>Mechanical and Housing</b>		Material no. (12NC)	910503910039
Dimensions (height x width x depth)	NaN x NaN x NaN mm (NaN x NaN x NaN in)	Net weight (piece)	0.900 kg
