SP532P LED47S/830 PSD PI5 SM2 L1410 ALU

TrueLine DIRECT/INDIRECT OC, LED module, system flux 4700 lm, 830 warm white, Power supply unit with DALI interface, Push-in connector 5-pole, Aluminum

Architects need a lighting solution that matches the interior architecture of the space they are enhancing. They want a light line with elegant proportions and high light levels that offers maximum design freedom. Philips TrueLine is a flexible linear luminaire for indoor office applications that offers excellent quality with the promise of future-proof upgrades. Specifiers need luminaires that save energy, at the same time as providing the right level of light. TrueLine recessed meets both these sets of requirements. Not only is it compliant with the WELL Building Standard for Light, TrueLine surface is rated UGR<lt/>ly, which is compliant with all office norms (OC). TrueLine also comes in surface and recess-mounted versions. All the luminaires in the family are available in different lengths, shapes, colors and light outputs. This offers the ultimate design flexibility and unlimited possibilities. TrueLine luminaires are also a sustainable, future-proof choice with high efficiency up to 140 lm/W and the option to upgrade to wireless connectivity and control.

Warnings and Safety

- The product is IPXO and, as such, is not protected against water ingress. Therefore, we strongly recommend that the environment in which the luminaire is to be installed is suitably checked.
- If the above advice is not taken and the luminaires are subject to water ingress, Philips / Signify cannot guarantee safe failure and the product warranty will become void.

Product data

General Information	
Lamp family code	LED47S [LED module, system flux 4700 lm]
Cap-Base	- [-]

Light source replaceable	No	
Number of gear units	1 unit	
Gear	GRT [Gear tray (without gear)]	

Datasheet, 2023, October 9 data subject to change

TrueLine, suspended

Driver included	Yes	Driver/power unit/transformer
Remarks	*-Per Lighting Europe guidance paper	Control interface
	"Evaluating performance of LED based	Constant light output
	luminaires - January 2018": statistically there
