

# Maxos, mounting accessories

## 9MX056 PB WH

ACC MAXOS, White

The light line fulfils two functions: first, it provides a sturdy in-line mounting rail on which to fix the electrical units, and second, it provides a housing for the electrical cables that bring power to the units. For suspended light lines, the light-line sections are connected using the integrated electrical connector and a sturdy external mechanical coupling piece (accessory). Surface-mounted light lines use the same integrated electrical connector and an internal coupler (accessory). On the upper part of the light-line section, special knock-out openings enable cable entry wherever needed. The basic accessories of Maxos TL-D trunkings can also be used for the TL5 trunkings.

### Product data

General Information		Order code	
Accessory color	White	Material Nr. (12NC)	910605143726
Product family code	9MX056 [ACC MAXOS]	Numerator - Quantity Per Pack	1
Product Data		EAN/UPC - Product/Case	4030732661879
Order product name	9MX056 PB WH	Numerator - Packs per outer box	10
Full product name	9MX056 PB WH	EAN/UPC - Case	4030732258659
Full product code	403073266187999
