Maxos, mounting accessories

9MX056 SWF SET

ACC MAXOS

The light line fulfils two functions: first, it provides a sturdy in-line mounting rail on which to fix the electrical units, and second, it provides a housing for the electrical cables that bring power to the units. For suspended light lines, the light-line sections are connected using the integrated electrical connector and a sturdy external mechanical coupling piece (accessory). Surface-mounted light lines use the same integrated electrical connector and an internal coupler (accessory). On the upper part of the light-line section, special knock-out openings enable cable entry wherever needed. The basic accessories of Maxos TL-D trunkings can also be used for the TL5 trunkings.

Product data

General Information	
Accessory color	-
Product family code	9MX056 [ACC MAXOS]

Approval and Application	
Ingress protection code	-
Protection class IEC	-

Product Data	
Order product name	9MX056 SWF SET

Full product name	9MX056 SWF SET
Full product code	403073210797100
Order code	910680017926
Material Nr. (12NC)	910680017926
Numerator – Quantity Per Pack	1
EAN/UPC – Product/Case	4030732107971
Numerator – Packs per outer box	1
EAN/UPC – Case	4030732107971
