9MX056 BC49 WH

ACC MAXOS, White

The swivel device is a versatile mechanical connecting device for Maxos TL-D and TL5 light-lines and enables variable angles between the light-lines. The minimum angle is 45 degrees. Due to its attractive design it is often used in application areas such as shops, schools and museums. Up to four light-lines can be connected with one swivel device. The housing is made of plastic, with a white or silver coating, and with inner supporting elements made of steel. If needed, the swivel device can accommodate lighting control sensors, loudspeakers, etc. It is pre-mounted with an adjustable quick hanger with a 1.25m steel suspension wire. One dedicated coupling piece (9MX056 CP-SD WH/SI) per trunking section is necessary to connect the trunking to the swivel device. Electrical components for mains feed-through have to be ordered as required.

Product data

General Information		Full EOC	
Accessory colour	White	Local code description	9MX056BC49WH
Product family code	9MX056 [ACC MAXOS]	Order code	60157899
Approval and Application		Material no. (12 NC)	910683001626
Ingress protection code	-	Local order code	9MX056BC49WH
Protection class IEC	-	SAP numerator – quantity per pack	1
Product Data		EAN/UPC – Product/Case	4030732601578
Order product name	9MX056 BC49 WH	Numerator – packs per outer box	5
Full product name	9MX056 BC49 WH	EAN/UPC – Case	4030732205660
