

Maxos fusion

LL500Z 2xEP CU BK

Maxos fusion Acc., Black

Maxos fusion is an adaptable LED trunking system that offers an excellent quality of light while more than halving energy costs compared to fluorescent lamps. For retail applications, a family of linear panels, non-linear modules and a spot portfolio can be smoothly integrated into the track backbone to let your merchandise sparkle and stand out. For industrial applications, the focus is on reducing installation and maintenance cost by using fewer linear panels. With an electrical set-up of up to 13 wires, the freedom to position these fixtures as required and the integration of other services/third-party hardware, the system allows you to reduce ceiling clutter. It can also be easily re-configured to accommodate future layout changes. The infrastructure is enabled to integrate sensors for data collection, giving you the opportunity to use insightful granular information to support your business.

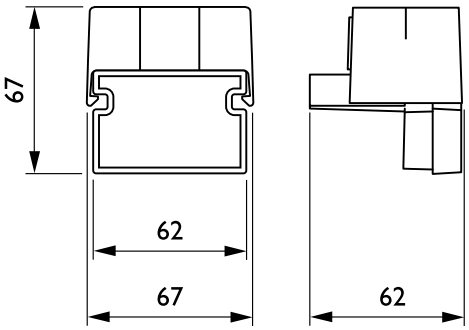

Product data

General Information	
Accessory colour	Black
Product family code	LL500Z [Maxos fusion Acc.]
Value ladder	Specification
Operating and Electrical	
Input Voltage	250 V
Line Frequency	50 to 60 Hz
Approval and Application	
Mech. impact protection code	IK00 [No protection]

Product Data	
Order product name	LL500Z 2xEP CU BK
Full product name	LL500Z 2xEP CU BK
Full EOC	871869637446799
Order code	37446799
Material no. (12 NC)	910925864216
SAP numerator – quantity per pack	1
EAN/UPC — Product/Case	8718696374467
Numerator – packs per outer box	6
EAN/UPC - Case	8718696383346
