

Maxos fusion

LL523Z CD SI

Maxos fusion Acc., Silver

Maxos fusion is an adaptable LED trunking system that offers an excellent quality of light while more than halving energy costs compared to fluorescent lamps. For retail applications, a family of linear panels, non-linear modules and a spot portfolio can be smoothly integrated into the track backbone to let your merchandise sparkle and stand out. For industrial applications, the focus is on reducing installation and maintenance cost by using fewer linear panels. With the electrical set-up of up to 13 wires, the freedom to position these fixtures as required and the integration of other services/third-party hardware, the system allows you to reduce ceiling clutter. It can also be easily re-configured to accommodate future lay-out changes. The infrastructure is enabled to integrate sensors for data collection, giving you the opportunity to use insightful granular information to support your business.

Product data

General Information		Approval and Application	
Accessory color	Silver	Mech. impact protection code	IK00 [No protection]
Product family code	LL523Z [Maxos fusion Acc.]	Protection class IEC	-
Value ladder	Specification		
Warranty period	5 years		
Flammability mark	For mounting on normally flammable surfaces		
EU RoHS compliant	Yes		
Operating and Electrical		Product Data	
Input Voltage	- V	Order product name	LL523Z CD SI
Line Frequency	- Hz		
Mechanical and Housing			
Housing Material	Steel		

Maxos fusion

Full product name	LL523Z CD SI
Full product code	871869637468999
Order code	910925864244
Material Nr. (12NC)	910925864244
Numerator - Quantity Per Pack	1

EAN/UPC - Product/Case	8718696374689
Numerator - Packs per outer box	10
EAN/UPC - Case	8718696383629
