

# Rotaris TPS740 C

## TPS740 C 1xTL5C-60W HFA P FU SM3 IP ALU

1, MASTER TL5 Circular, 60 W, HF standard for TL5, Prismatic refractor, Fuse included, Aluminum

The defining visual characteristic of the Rotaris product range, which is based on the innovative TL5 Circular lamp, is its concentric circles. The semi-high-gloss aluminum centerpiece is surrounded by an opal or clear lamp cover, the inside of which has a prismatic structure, again in concentric circles. Continuing outwards, the high-reflectance optic is made of the same semi-high-gloss aluminum. Finally, the optic continues in the outer rim and the housing since it is all made out of one single piece of material. With the surface-mounted version, some light is directed towards the ceiling to create a smooth transition between the ceiling and the luminaire. The suspended versions offer a choice of direct or direct/indirect light distribution. Glare is controlled in all viewing directions by Omnidirectional Luminance Control technology. Within the Rotaris family, a complete range of surface-mounted and suspended luminaires is available.

### Product data

<b>General Information</b>		<b>Line Frequency</b>	
Lamp family code	TL5C [MASTER TL5 Circular]	50 to 60 Hz	
Gear	HFA [HF standard for TL5]	<b>Power Consumption</b>	
Flammability mark	For mounting on normally flammable surfaces	60 W	
<b>Light Technical</b>		<b>Mechanical and Housing</b>	
Number of light sources	1	Housing Color	
Optical cover type	Prismatic refractor	Aluminum	
<b>Operating and Electrical</b>		<b>Approval and Application</b>	
Input Voltage	220 to 240 V	Ingress protection code	
		IP20 [Finger-protected]	
		Mech. impact protection code	
		IK03 [0.3 J]	
		Protection class IEC	
		Safety class I
