

# Celino LED BPS680 C

## BPS680 C LED48/840 PSD W17L120 LIN-PC

LED Module 4800 lm, 840 neutral white, Power supply unit with DALI interface, Linear-lens array in polycarbonate cover

Celino is a complete luminaire range that reflects the market trend towards miniaturization and architectural integration, while delivering a significant advance in optical performance. Celino features Philips' aluminum micro optic with 3D lamellae, which ensures optimum visual comfort and efficiency in compliance with the latest office-lighting norm (EN 12464-1). Made of natural anodized aluminum, the housing of Celino is a mere 71 mm wide and has die-cast-aluminum end caps. The design allows multiple luminaires to be connected in a line arrangement. Celino is available as a full range – suspended, surface-mounted, free-standing, recessed and wall-mounted, with a choice of TL5, TL5 Eco or LED light sources – for maximum freedom in application.

#### **Product data**

| General Information      |                                   |
|--------------------------|-----------------------------------|
| Lamp family code         | LED48 [LED Module 4800 lm]        |
| Light source replaceable | No                                |
| Number of gear units     | 1 unit                            |
| Driver included          | Yes                               |
| CE mark                  | -                                 |
| Warranty period          | 3 years                           |
| Flammability mark        | -                                 |
| ENEC mark                | -                                 |
| Glow-wire test           | Temperature 650 °C, duration 30 s |
| EU RoHS compliant        | No                                |
|                          |                                   |

| Light Technical                    |  |
|------------------------------------|--|
| Luminous Flux                      | 2,300 lm                                 |
| Correlated Color Temperature (Nom) | 4000 K                                   |
| Luminous Efficacy (rated) (Nom)    | 83 lm/W                                  |
| Color rendering index (CRI)        | >80                                      |
| Beam angle of light source         | 120 degree(s)                            |
| Light source color                 | 840 neutral white                        |
| Optic type                         | Wide beam                                |
| Optical cover type                 | Linear-lens array in polycarbonate cover |
| Luminaire light beam spread        | 110° x 110°                              |
|                                    |  |
| Operating and Electrical           |  |
| Input Voltage                      | 220-240 V                                |
