**PHILIPS** Lighting

# SportsStar-BVP621/BVP622/ EVP622

## BVP621 LED800/NW 800W 220-240V AIRP

SportsStar-BVP621/BVP622/EVP622, 80000 lm, 800 W, Neutral white, Asymmetrical wide beam, 15° x 95°, Safety class I, Mounting bracket adjustable

Philips SportsStar LED Floodlight sets the standard in high quality optical distribution with high performance and low light pollution (or effective light control). From Sports to Area Lighting, our system, including the high masts needed, projects the light exactly where it should be going. Choose the right illumination levels for any given setting with Philips SportsStar LED Floodlight.

#### **Product data**

| General Information                |           | Luminous Efficacy (ra  |
|------------------------------------|-----------|------------------------|
| Light source replaceable           | Yes       | Color rendering inde   |
| Number of gear units               | 1 unit    | Light source color     |
| Driver included                    | Yes       | Optical cover type     |
| Light source engine type           | LED       | Luminaire light beam   |
| Lighting Technology                | LED       | Optic type outdoor     |
| CE mark                            | -         |                        |
| Warranty period                    | 3 years   | Operating and Ele      |
|                                    |           | Input Voltage          |
| Light Technical                    |           | Line Frequency         |
| Luminous Flux                      | 80,000 lm | Power Consumption      |
| Correlated Color Temperature (Nom) | 4000 K    | Power Factor (Fraction |
|                                    |           |                        |

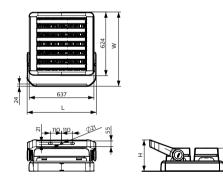

| Luminous Efficacy (rated) (Nom) | 100 lm/W                       |
|---------------------------------|--------------------------------|
| Color rendering index (CRI)     | 70                             |
| Light source color              | Neutral white                  |
| Optical cover type              | Polycarbonate micro lens optic |
| Luminaire light beam spread     | 15° x 95°                      |
| Optic type outdoor              | Asymmetrical wide beam         |
|                                 |                                |
| Operating and Electrical        |                                |
| Input Voltage                   | 220 to 240 V                   |
| Line Frequency                  | 50 or 60 Hz                    |
| Power Consumption               | 800 W                          |
| Power Factor (Fraction)         | 0.95                           |
|                                 |                                |

### SportsStar-BVP621/BVP622/EVP622

| Connection                    | Flying leads/wires          |
|-------------------------------|-----------------------------|
| Cable                         | Cable 1.5 m without plug    |
|                               |                             |
| Temperature                   |                             |
| Ambient temperature range     | -40 to +50 °C               |
|                               |                             |
| Controls and Dimming          |                             |
| Dimmable                      | No                          |
| Driver/power unit/transformer | Power supply unit (On/Off)  |
| Control interface             | -                           |
| Constant light output         | No                          |
|                               |                             |
| Mechanical and Housing        |                             |
| Housing Material              | Aluminum extruded           |
| Optic material                | Polycarbonate               |
| Optical cover material        | Polycarbonate               |
| Fixation material             | Steel                       |
| Housing Color                 | White                       |
| Mounting device               | Mounting bracket adjustable |
| Optical cover finish          | Frosted                     |
| Overall length                | 680 mm                      |
| Overall width                 | 656 mm                      |
| Overall height                | 307 mm                      |
| Effective projected area      | 0.42 m²                     |
|                               |                             |

| Dimensions (Height x Width x Depth)   | 307 x 656 x 680 mm                             |
|---------------------------------------|--|
|                                       |  |
| Approval and Application              |  |
