Pole Geartrays EGS350

EGS350 HPI-T400W WV

EGS350, HPI-T High Wattage, 400 W

A range of prewired foot pole gear trays is available for Road Lighting luminaires. A gear tray consists of a metal tray on which electrical components (capacitors, ballast, ignitor), wiring and terminal blocks are mounted. These gear trays are normally used in combination with Road luminaires, which cannot integrate electrical components because of lack of space or because of high temperatures.
