

Dynalite Integration Devices

DDNG-KNX

Within any modern project, many third-party systems can be found performing different roles. Each separate system may use a different protocol for communication. Philips Dynalite has developed a range of gateway devices that can be used to synchronize these systems' functions into one integrated system solution. By utilizing the correct gateway, different systems can be integrated, allowing end-users access to a fully automated site from one interface. By successfully integrating third-party systems with a Dynalite solution, repetitive end-user interaction is reduced.

Product data

General Information			
Remarks	Please download the Lighting - Product Data Sheet for more information and ordering options	Full product code	871016352342200
CE mark	CE mark	Order code	52342200
EU RoHS compliant	Yes	Material Nr. (12NC)	913703080509
Product Data		Numerator - Quantity Per Pack	1
Order product name	DDNGKNX	EAN/UPC - Product/Case	8710163523422
Full product name	DDNG-KNX	Numerator - Packs per outer box	1
		EAN/UPC - Case	8710163523439
