

Dynalite Integration Devices

DDNGKNX

Within any modern project, many third-party systems can be found performing different roles. Each separate system may use a different protocol for communication. Philips Dynalite has developed a range of gateway devices that can be used to synchronize these systems' functions into one integrated system solution. By utilizing the correct gateway, different systems can be integrated, allowing end-users access to a fully automated site from one interface. By successfully integrating third-party systems with a Dynalite solution, repetitive end-user interaction is reduced.

Product data

General Information	
Remarks	Please download the Lighting - Product Data Sheet for more information and ordering options
CE mark	CE mark
EU RoHS compliant	Yes
Product Data	
Order product name	DDNGKNX
Full product name	DDNGKNX

Full product code	871016352342200
Order code	913703080509
Material Nr. (12NC)	913703080509
Numerator - Quantity Per Pack	1
EAN/UPC - Product/Case	8710163523422
Numerator - Packs per outer box	1
EAN/UPC - Case	8710163523439
