

# Dynalite Integration Devices

## DDNI485

Within any modern project, many third-party systems can be found performing different roles. Each separate system may use a different protocol for communication. Philips Dynalite has developed a range of gateway devices that can be used to synchronize these systems' functions into one integrated system solution. By utilizing the correct gateway, different systems can be integrated, allowing end-users access to a fully automated site from one interface. By successfully integrating third-party systems with a Dynalite solution, repetitive end-user interaction is reduced.

### Product data

General Information		Product Data	
Remarks	Please download the Lighting - Product Data Sheet for more information and ordering options	Order product name	DDNI485
CE mark	CE mark	Full product name	DDNI485
EU RoHS compliant	Yes	Full product code	871016350788000
Temperature		Order code	913703081309
Ambient temperature range	0 to +50 °C	Material Nr. (12NC)	913703081309
Approval and Application		Numerator - Quantity Per Pack	1
Ingress protection code	IP20 [Finger-protected]	EAN/UPC - Product/Case	8710163507880
		Numerator - Packs per outer box	1
		EAN/UPC - Case	8710163507897
