

Dynalite Integration Devices

DDNG232

Within any modern project, many third-party systems can be found performing different roles. Each separate system may use a different protocol for communication. Philips Dynalite has developed a range of gateway devices that can be used to synchronize these systems' functions into one integrated system solution. By utilizing the correct gateway, different systems can be integrated, allowing end-users access to a fully automated site from one interface. By successfully integrating third-party systems with a Dynalite solution, repetitive end-user interaction is reduced.

Product data

General Information			
Remarks	Please download the Lighting - Product Data Sheet for more information and ordering options	Full product name	DDNG232
CE mark	CE mark	Full product code	871016352254800
EU RoHS compliant	Yes	Order code	52254800
		Material Nr. (12NC)	913703081809
		Numerator - Quantity Per Pack	1
		EAN/UPC - Product/Case	8710163522548
		Numerator - Packs per outer box	1
		EAN/UPC - Case	8710163522555
Temperature			
Ambient temperature range	0 to +50 °C		
Product Data			
Order product name	DDNG232
