

Dynalite System Integration

DDNG232

Within any modern project, many third-party systems can be found performing different roles. Each separate system may use a different protocol for communication. Philips Dynalite has developed a range of gateway devices that can be used to synchronize these systems' functions into one integrated system solution. By utilizing the correct gateway, different systems can be integrated, allowing end-users access to a fully automated site from one interface. By successfully integrating third-party systems with a Dynalite solution, repetitive end-user interaction is reduced.

Product data

General Information		Full product name	DDNG232
Remarks	Please download the Lighting – Product Data Sheet for more information and ordering options	Full EOC	871016352254800
CE mark	CE mark	Order code	52254800
EU RoHS compliant	Yes	Material no. (12 NC)	913703081809
Temperature		Local order code	DDNG232
Ambient temperature range	0 to +50 °C	SAP numerator – quantity per pack	1
Product Data		EAN/UPC – Product/Case	8710163522548
Order product name	DDNG232	Numerator – packs per outer box	1
		EAN/UPC – Case	8710163522555
