

Dynalite Integration Devices

DNG232

Within any modern project, many third-party systems can be found performing different roles. Each separate system may use a different protocol for communication. Philips Dynalite has developed a range of gateway devices that can be used to synchronize these systems' functions into one integrated system solution. By utilizing the correct gateway, different systems can be integrated, allowing end-users access to a fully automated site from one interface. By successfully integrating third-party systems with a Dynalite solution, repetitive end-user interaction is reduced.

Product data

| General Information | | | |
|---------------------------|---|---------------------------------|-----------------|
| Remarks | Please download the Lighting - Product Data Sheet for more information and ordering options | Full product name | DNG232 |
| CE mark | CE mark | Full product code | 871016350794100 |
| EU RoHS compliant | Yes | Order code | 913703082109 |
| | | Material Nr. (12NC) | 913703082109 |
| | | Numerator - Quantity Per Pack | 1 |
| | | EAN/UPC - Product/Case | 8710163507941 |
| | | Numerator - Packs per outer box | 1 |
| | | EAN/UPC - Case | 8710163507958 |
| | | | |
| Temperature | | | |
| Ambient temperature range | 0 to +50 °C | | |
| Product Data | | | |
| Order product name | DNG232 | | |
