Dynalite Integration Devices

DDNG-BACnet J-8025 Platform N4

Within any modern project, many third-party systems can be found performing different roles. Each separate system may use a different protocol for communication. Philips Dynalite has developed a range of gateway devices that can be used to synchronize these systems' functions into one integrated system solution. By utilizing the correct gateway, different systems can be integrated, allowing end-users access to a fully automated site from one interface. By successfully integrating third-party systems with a Dynalite solution, repetitive end-user interaction is reduced.

Product data

General Information

Remarks	Please download the Lighting - Product Data Sheet for more information and ordering options

Temperature

Ambient temperature range	-4 to +122 °F

Product Data

Order product name	DDNG-BACnet J-8025 Platform N4
Full product name	DDNG-BACnet J-8025 Platform N4
Full product code	871869688835300

Local code description	DDNG-BACnet J-8025 Platform N4
Order code	913703247009
Material Nr. (12NC)	913703247009
Local order code	.
Numerator – Quantity Per Pack	1
EAN/UPC – Product/Case	8718696888353
Numerator – Packs per outer box	1
EAN/UPC – Case	8718696895351
