

# Christie digital cinema projectors

## XDC 3000 C

Digital Xenon Cinema C-type lamps are ideal for today's demanding 3D and 2D digital cinema presentations. They are especially designed for Christie projectors. There is a choice of four power ratings in the C-type Digital Cinema Xenon lamps range: 2000W, 3000W, 4500W, or 6000W. There is also a choice of three power ratings in the CH-type Digital Helios lamps range: 2000W, 3000W, and 4200W power ratings. All these lamps produce the very high light output needed to maximize screen brightness and enhance the dramatic effect for the viewer. These long-life digital lamps also provide constant color temperature characteristics, and meet all of the stringent arc-stability requirements for consistent customer satisfaction. In addition to C-type Digital Cinema Xenon lamps there are B-, N-, S-, and TA-type Digital Cinema Xenon lamps. These are all individually customized per projector, so there is a different, perfect-fitting lamp for each projector model to ensure optimized projector performance.

### Product data

General Information		Order product name	
Operating Position	P20 [Parallel +/-20D or Horizontal(HOR)]	Order code	XDC 3000 C
Nominal lifetime	1,500 hour(s)	Numerator - Quantity Per Pack	928411706201
Operating and Electrical		Numerator - Packs per outer box	1
Power Consumption	3,000 W	Material Nr. (12NC)	928411706201
Lamp Current (Nom)	110 A	Full product name	XDC 3000 C
Voltage (Nom)	29 V	EAN/UPC - Case	8727900301632
Voltage (Nom)	29 V	EAN/UPC - Product/Case	8727900301632
Product Data			
Full product code	872790030163200
