

Christie digital cinema projectors

XDC 3001 C

Digital Xenon Cinema C-type lamps are ideal for today's demanding 3D and 2D digital cinema presentations. They are especially designed for Christie projectors. There is a choice of four power ratings in the C-type Digital Cinema Xenon lamps range: 2000W, 3000W, 4500W, or 6000W. There is also a choice of three power ratings in the CH-type Digital Helios lamps range: 2000W, 3000W, and 4200W power ratings. All these lamps produce the very high light output needed to maximize screen brightness and enhance the dramatic effect for the viewer. These long-life digital lamps also provide constant color temperature characteristics, and meet all of the stringent arc-stability requirements for consistent customer satisfaction. In addition to C-type Digital Cinema Xenon lamps there are B-, N-, S-, and TA-type Digital Cinema Xenon lamps. These are all individually customized per projector, so there is a different, perfect-fitting lamp for each projector model to ensure optimized projector performance.

Product data

General Information			
Operating Position	P15 [Parallel +/-15D or Horizontal(HOR)]	Order product name	XDC 3001 C
Nominal lifetime	1,000 hour(s)	Order code	928418306301
Operating and Electrical		Numerator - Quantity Per Pack	1
Power Consumption	3,001 W	Numerator - Packs per outer box	1
Lamp Current (Nom)	100 A	Material Nr. (12NC)	928418306301
Voltage (Nom)	30 V	Full product name	XDC 3001 C
Voltage (Nom)	30 V	EAN/UPC - Case	8718291734505
Product Data		EAN/UPC - Product/Case	8718291734499
Full product code	871829173449900		

Dimensional drawing
