

# Fortimo LED linear light module

## Cable Fortimo 7PA to 6wire - 600mm

The Fortimo LED linear light module (LLM) system represents a breakthrough in energy-efficient LED lighting for urban and residential applications. Cutting-edge LED technology ensures peak performance, delivering energy savings with Constant Light Output without compromising on light quality and comfort. Fortimo LED LLM offers a diffused white light LED alternative to traditional frosted light sources such as (compact) fluorescent, high-pressure mercury (HPL) and high-pressure sodium (SON) lamps. Designed primarily for residential outdoor lighting applications, this reliable, upgradeable solution is also suitable for many professional indoor applications. Fortimo LED LLM is a Green Product, contains no mercury and is fully RoHS-compliant.
