

# 943 Vertical Aisle Light

## 943 50H LV BLP [N/A]

### 943 50H LV BLP []

The 943 vertical mount luminaire provides the capability for mounting in confined wall areas. The 943B luminaire is a unidirectional bollard which is ideal for illuminating pathways without undesired back lighting. In addition, this compact architectural form allows the unit to be mounted in pillars, monuments and columns (by others). A choice of faceplates further extends design opportunities.

#### Product data

| General Information      |                |
|--------------------------|----------------|
| Lamp Source Code         | HPS            |
| Lamp Watts               | 50             |
| Number of Lamps          | 1              |
| Mounting                 | Recessed       |
| Operating and Electrical |                |
| Voltages                 | 120/277/UNIV V |
| Mechanical and Housing   |                |
| Shape                    | Rectangular    |
