

# Straight Square Aluminum Pole

## SSA4-CB straight aluminum pole with cast aluminum base

### SSA4-CB straight aluminum pole with cast aluminum base

The Philips Gardco Lighting square straight aluminum pole consists of a one piece square extruded aluminum lighting standard mounted to a cast aluminum base, a hinged aluminum base, or a structural quality carbon steel base tenon. This construction offers the corrosion resistance and flexibility of aluminum with the strength and integrity of steel. The poles are finished with either Architectural Class 1 anodizing or electrostatically applied TGIC polyester powder coat. All poles include anchor bolts, full base cover, hand hole, ground lug and top cap.

### Product data

General Information	
Mounting	Pole Arm
Mechanical and Housing	
Shape	Square
Material	Aluminum
Shaft	Straight
Pole Height	11-20 ft

Product Data	
Order product name	SSA4-CB straight aluminum pole with cast aluminum base
Commercial Code	SSA4-CB
Order code	SSA4-CB
Catalog Number Description	SSA4-CB straight aluminum pole with cast aluminum base
Service / Spec Smart	-
Material Nr. (12NC)	GAR1007234
