## Dome Top Louver School Bollard - BRM822/826, Symmetrical & Louvered, 50W HPS

Dome Top Louver School Bollard - BRM822/826, Symmetrical & Louvered, 50W HPS

In the schoolyard, bollards become objects for climbing on, hanging from, crashing into. Add the weathering effects of the elements and irregular maintenance and it's easy to see why there may be no more punishing environment for low level lighting. Philips Gardco School Bollards are specifically designed and field-tested to meet the most extreme challenges kids can dish out.
