

# 943 Vertical Aisle Light

943 (2)13F DG WP [N/A]

943 (2)13F DG WP []

The 943 vertical mount luminaire provides the capability for mounting in confined wall areas. The 943B luminaire is a unidirectional bollard which is ideal for illuminating pathways without undesired back lighting. In addition, this compact architectural form allows the unit to be mounted in pillars, monuments and columns (by others). A choice of faceplates further extends design opportunities.
