

PowerForm LED high output floodlight luminaires (PFF)

PowerForm floodlight, SP, 92 LED, Neutral white

PowerForm floodlight, SP, 92 LED, Neutral white - 105 lm/W

High output lighting doesn't have to mean high energy and maintenance costs. Philips Gardco PowerForm LED site & area and flood luminaires provide your outdoor area with bright, uniform illumination while slashing energy and maintenance costs compared to traditional lighting technologies. Now you can instill a sense of security and attract attention in any large area or floodlighting applications without the hassle of frequent relamping or high utility bills. A wide variety of sizes, optical distributions, mounting options, and industry leading lumen output ranging from approximately 20,000 to 100,000 lumens offer increased flexibility without under- or over-lighting the space.
