

161 LED Sconce

161, Gen 2, 46 LEDs, 600mA, Type 2, Neutral White

161, Gen 2, 46 LEDs, 600mA, Type 2, Neutral White - 120 lm/W

The Philips Gardco LED Wall Sconce 161 is an enlarged and enhanced version of the 121, providing performance capability up to that of a 400W metal halide wall sconce, while using considerably less energy. Designed for mounting heights from 15 to 20 feet, the 161 offers exceptional performance, allowing a reduction in the total pole requirements on a site. The styling of the 161 also complements the PureForm site luminaires. The sloped surface ribs of its die cast aluminum housing create a distinctly unique aesthetic element, while performing important functions in the Philips Gardco thermal management system.
