

Canopy Kit

Basic End Feed Canopy, Matte White

Basic End Feed Canopy, Matte White

Basic Lytespan track can be mounted in a variety of surface or stem patterns, placed vertically or horizontally on walls, and be cut in the field. Basic track can also be used with Suspension Beam or Recessed Housings. Capacity is 20 amps at 120V per branch circuit. For straight runs, order one 2-foot, 4-foot or 8-foot Individual Track section and as many 8-foot Joiner sections as required including each straight run of track between intercepts.
