Leonis Arm Mount LED (LEN-LED)

Leonis, 35W, 48 LED, Type V

Leonis, 35W, 48 LED, Type V - 87 lm/W

Created with beauty, sustainability and durability in mind Leonis will contribute to the beautification of its surroundings. Leonis is not only a technological marvel, it is a work of art that will stand and withstand the test of time. Thanks to a forward thinking design team, the polyvalent Leonis can be fitted with either LED or HID lighting technologies. And if you opt for the latter, a LifeLED module can be retrofitted into your existing Leonis and easily replace your HID optics when you are ready to take advantage of our award-winning LED engine. The sturdy and high-quality materials chosen when manufacturing Leonis make it a durable and dependable luminaire. Because it is made in aluminum, the luminaire is 94% recyclable when it reaches the end of its life. Lumec3D: Online 3D Configurator
