## Zenith, 70 HPS, Type III

### Zenith, 70 HPS, Type III

The classically inspired design houses state-of-the-art technology and has many features that allow its appearance to be customized and personalized. By combining high-tech optics with elements of modern design, the Zenith gives designers great flexibility and freedom. The Zenith was specially developed for lighting large areas, such as parks, public areas, and entryways. It comes with a compact floodlight that uses long arc double-ended metal halide lamps and it is now available with an EcoSwap, our new LED light engine that will provide even better longevity and energy savings. <a href="http://www.lumec.com/Lumec3Dv2/home/index\_en.php" target="\_blank"><b>Lumec3D: Online 3D Configurator</b></a>
